PARTY FOR A CURE

The Annual Party for A Cure celebration benefits individuals with muscular dystrophy, ALS and related life threatening diseases that limit strength and mobility. Together, we can help free kids and adults from the harm of these muscle debilitating diseases by funding research breakthroughs across diseases, caring for individuals from day one, and empowering family with services and support in our hometowns.

OUR STORY

Party For A Cure is proud to announce its official non-profit status as a 501(3)c. June 15, 2018 marks our tenth annual gala event, where to-date we have raised nearly \$1,000,000 thanks to all our loyal supporters. Our volunteer board makes certain that we give back to Maryland families in need, as well as support research and summer camp activities for MDA of Baltimore. We have used proceeds to make major renovations to homes for accessibility and for structural stability, repaired and provided for new medical equipment, enabled children to attend summer camp, and funded vital research to find treatments and cures.
